BARGAIN CATALOG**

**WAGNER PARK
BEAUTIFUL FLOWERS
DELIVERED
TO YOUR DOOR
BY PARCEL POST**

TO THOSE WHO LOVE FLOWERS.

PERSONAL NOTE.

THIS SPECIAL CATALOGUE has no pretensions beyond what it really is, but might be termed a "tempter," for its pages teem with hundreds of not only beautiful flowers, but with so many tempting bargains that I am sure you cannot lay it aside without falling victim of its enticing offers.

When plants are once established in the fertile soil of Wagner Park and Nursery Grounds nothing can prevent flowers from growing to perfection and multiplying in such quantities that there are flowers here for everyone. There are Roses, "the queen of flowers," in great variety. Iris from the faintest lavender and white to the deepest blue. Day Lilies, single and double. Phlox of almost every shade of color. Chrysanthemums, the choicest fall flowers. Ornamental Grasses. Shrubs innumerable, and hundreds of other beautiful things that will give a profusion of blossoms from the first warm spring days until late fall.

Prompt and efficient service is the rock on which we have built our organization, and with pride mention that in our business the spirit of commercialism is largely eliminated, growing flowers for the pleasure derived from the work, and an interest in the success and pleasure given our customers.

Hoping that the bargains offered will tempt you to place an order with us, and no matter how small or large, it will receive most careful attention.

Yours very sincerely,

IMPORTANT TO PURCHASERS.

EVERYTHING IN THIS CATALOGUE IS SENT PREPAID except where noted "Not Prepaid." We pack all plants carefully in strong boxes, which insures their safe arrival (under ordinary conditions) anywhere, even to the remotest part of the country or abroad.

Early Orders. Place your orders early, as it is almost impossible during the rush of the planting season to fill an order on short notice without doing an injustice to others who have their orders previously booked. In fairness to all we practice filling orders in rotation. If not ready to do planting (being too early to plant) we will put the order on file and ship at the proper time.

Shipping Facilities. We are admirably located for making shipments North, East, South or West, having the C., C., C. & St. L. R. R. east and west, the C., H. & D. R. R. north and south, also have the W. O. Electric, all of which connect with various lines. We have the Wells Fargo, American and United States Express Companies, which make our shipping facilities first-class for any direction, thus assuring you of prompt and most direct service. When no instructions are given we use our best judgment as to how to ship.

Parcel Post Shipments. We call particular attention to the new parcel post law, under which we can send 20 pounds, giving an opportunity to send larger size plants than was possible to send heretofore by mail. In other words, larger size plants can now be sent by parcel post, such as we were obliged to send by express heretofore.

Plants by Express. Where plants are heavy and bulky we always ship by express, as it is a most satisfactory method of transportation. Any plants ordered from this catalog that price quoted does not include delivery are forwarded by express, purchaser paying charges of transportation. Plants are handled by express companies at reduced rates.

Freight Shipments. Lawn Seats and Plant Boxes can be safely shipped by freight. We do not advise this method for live plants unless very heavy and bulky.

Canadian Shipments. Shrubs and trees will pass through the custom house from March 15th to May 15th, and October 7th to December 7th. Any other plants or bulbs are admitted at any time.

Forward Money with all orders by Post Office Money Order, Registered Letter, Bank Draft or Express Company Money Order.

OUR LARGE GENERAL CATALOGUE.

We will be glad to send our general catalogue "Free" if you desire to select a more general assortment of plants, or if this special catalogue does not contain the things in which you are interested.

Sweet Peas from Spring until Frost

Everyone Loves Sweet Peas.

THEN why not have them from early summer until late in autumn. That is what you can have if you plant the

Perennial, Hardy Climbing Sweet Peas.

They will give you the same beautiful blossoms as the annual, or tender, varieties, and will give you an abundance of blossoms from early summer until stopped by heavy frost.

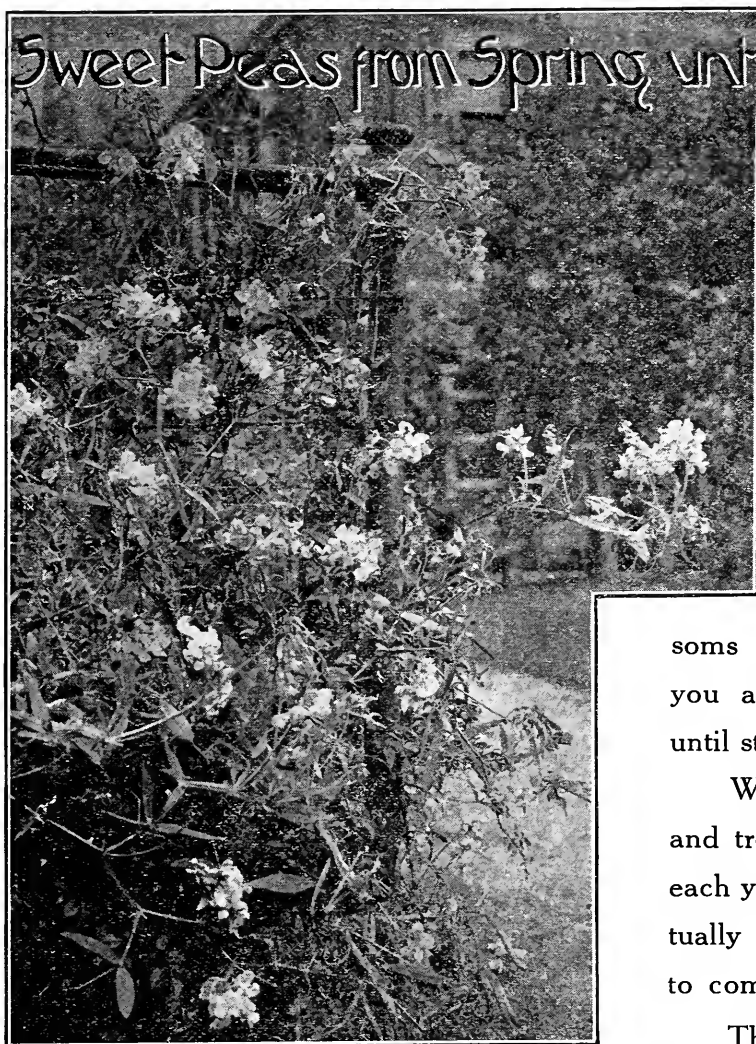

With the PERENNIAL PEA the annual expense and trouble of replanting is entirely eliminated, and each year brings an additional growth, becoming eventually a bower of loveliness to be admired for years to come.

There is scarcely any other flower in cultivation that is so temporary, and with such an undesirable

foliage as the tender sweet pea, dying just in the middle of the summer season, when everything should be green and attractive. While often used for screening purposes, their early decay makes them a complete failure.

With the PERENNIAL PEA THE FOLIAGE IS A VERY DESIRABLE FEATURE. Where it is not too exposed to the sun it will remain a lovely green long after the snow falls. Sprays of it are beautiful for winter decorating, and it is as graceful and beautiful as the now popular Southern Smilax. In water it will remain green for an indefinite time, even sending forth new growth. For screens it is all that can be desired; being almost an evergreen, it scarcely has an equal. It also attains a more desirable height, often growing over ten feet high, making a compact mass of beautiful green. They are perfectly hardy, and require no care whatever.

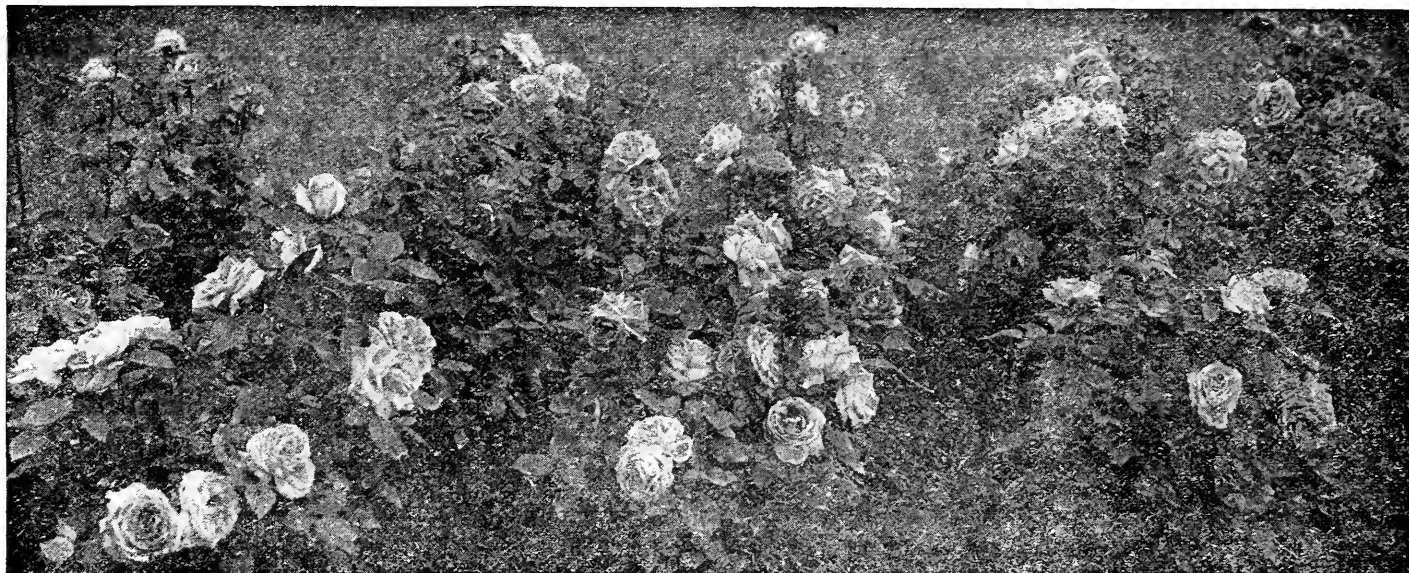

Growing thousands of this wonderful plant we offer fine two-year-old field-grown plants in assorted colors, Six [6] for 75 cents; Twelve [12] for \$1.00; One Hundred [100] for \$6.00. 50 plants at the 100 rate.

Wagner's Special Offers In Roses.

The Rose is the "Queen of Flowers." No garden however small is complete without some Roses. There are no flowers grown that are more universally admired. All plants offered are strong, healthy and well rooted and ready to take hold in any soil or climate.

Special skill is brought to the production of choice Roses and we place our knowledge of Roses at your disposal, being very glad to help you in the selection of varieties if desired. For those not familiar with the various varieties, we offer collections at greatly reduced prices when the selection is left to us. We have grown large quantities of certain varieties enabling us to offer them within reach of all desiring a rose bed. All will be labeled true to name.

ORNAMENTAL GRASS

Hardy Chrysanthemums

The Prime of the Old Fashioned Garden.

Many are the lovely flowers that give a succession of beauty throughout the summer days, but when fall comes we have still the best in reserve, notably old-fashioned and really hardy Chrysanthemums..

The flowers of these, which are in the greatest profusion, will endure the early frost and early snow storms and delight up with a show of blooms on such sunshiny days as we may be favored with in late fall. They occupied a place of honor in many an old-fashioned garden where the perennial border was the garden's crowing glory.

OUR EXTRA-ORDINARY OFFER. - 10 PLANTS. Prepaid \$1.00

This Collection Consists of White, Pink, Yellow and Red, which are the most desirable shades of color. These with ordinary care will produce a wealth of bloom the first season.

HARDY ORNAMENTAL GRASSES. For ornamental purposes, such as hedging, planting in clumps to hide an unsightly object, or singly on the lawn, these grasses are indispensable. The plumes are large and beautiful, having a feathery appearance, and are used for interior decoration.

EULALIA. Japonica Variegata. A standard old sort of distinctive value. Blades are striped lengthwise in a handsome manner, being a combination of creamy white in the center with a broad margin of bright green. 20c.

Gracillima. This grand variety of English forms exceedingly handsome clumps 4 to 5 feet high, which are hardy in all parts of the country. The graceful, narrow foliage is beautiful, shining green with midrib of silvery white. 20 cents.

Japonica. One of the most beautiful of the tallgrowing grasses. Handsome plumes. 20 cents.

PHALARIS. Arundinacea Variegata. (Ribbon Grass.) An excellent variegated foliage variety, very desirable for bordering large beds of other ornamental grasses. 10c.

Wagner's Shrubs.

Happily the charm of color is not wholly claimed by the gay gamut of flowers. The very fine collection of flowering shrubs at Wagner Park nurseries offer endless opportunity for producing beautiful effects practically the year 'round. The fern-like grace and elegance of all the Spireae, the delicate Forsythia, Deutzia, Diervilla (Wiegelia,) the old-timey Philadelphus or "Syringo"—sweetest, daintiest bush list is ended.

of the Puritan gardens,—the spring

Through the hot, dry period of summer, the coolness and rest of a fine shrub plantation is indescribably refreshing. And if there are any plants we could not part with they are the late flowering shrubs—a fine list though not a long one—that usher in autumn and linger to make the American "fall" one of the most admired spectacles in nature. The cultural requirements of ordinary shrubs are very simple. "Success with Shrubs," when these plants are vigorous Wagner Park stock is easy, pleasurable and sure.

Desirable Hedge Plants.

Hedges, under a great many conditions are desirable, and can often be used with pleasing effect. To secure a compact hedge and one of even growth, it is necessary when the plants are first set out to prune back severely. This encourages strong bottom growth and makes the foundation of a good hedge.

THREE MOST DESIRABLE VARIETIES

LIGUSTRUM. (Privet.) The most popular and satisfactory of all hedge plants; the hardy varieties can be planted in the extreme northern states with perfect safety. With Privet you can have a hedge of any height or shape desired as they withstand shearing well.

IBOTA. A fine variety for grouping or for hedges. Perfectly hardy and very fragrant flowers. Nice thrifty plants. \$1.00 per dozen, \$8.00 per 100. **Not Prepaid.**

REGELIANUM. (Regel's Privet.) A very dense growing variety. It is absolutely hardy. Nice thrifty plants, \$1.00 per dozen; \$7.50 per 100. **Not Prepaid.**

Wagner Park Cannas Are the Finest Grown.

A bed of well-grown Cannas is a veritable bit of the tropics, with their wide, arching leaves and stiff stalks of flaming flowers growing like torches above their noble foliage. This effectiveness is not confined to only a few weeks' display, but being exuberant in growth, a bed of Cannas soon becomes attractive after planting and each day thereafter adds to its beauty.

We do not list all varieties grown, but only those which have proven satisfactory and from which varieties one can get excellent results.

Special Note. We ship dormant tubers in filling early orders and deliver these tubers at prices quoted. Owing to many patrons preferring started plants, we, after April first send out only strong well started plants, but owing to the additional value in having the plants growing we cannot deliver them after April first except at single rate prices. Unless so ordered we ship by express, purchaser paying charges.

BED OF BEAUTIFUL CANNAS EDGED WITH COLEUS

TWO NOVELTY CANNAS

MARVEL. This has been well named for it is indeed a marvel of beauty. Bright green foliage and large flowers, the back of each petal being rich yellow which shine through the bright scarlet color of the face of the flower in such a way that it gives it the appearance of being illuminated from underneath. 15c each; \$1.50 per dozen.

HENRY GEORGE. In Henry George we have a bedder that will bloom early and continuously all through the season. It will have four blooms to one of any other kind in its class. It only needs to be seen to be admired and it is just as good in its heavy dark green foliage as it is in its flowers. Color, bright crimson. 20c each; \$1.75 per dozen.

OTHER CHOICE VARIETIES

KING HUMBERT. 4 feet. The flower is bright orange-scarlet, streaked with crimson. The foliage is bronze with brownish green stripes, large, thick and leathery, 15 cents, \$1.50 per dozen.

Dahlias.

DAHLIAS SHOW,
DECORATIVE, CACTUS,
AND POMPON VARIETIES

Within the last few years a wonderful revival of interest in the Dahlias is noted which has resulted in their now being very important rivals to all other bedding plants.

We recommend Dahlias to anyone wanting an attractive bedding plant and something that will also give a liberal supply of fine cut flowers. They are also very effective planted among shrubs and perennials.

Dahlias are very showy and attractive and best results are obtained if planted early, however, they can be planted as late as June 15th, with good results.

We do not attempt to list all the varieties but offer only those of real merit, which we are sure will give satisfaction to our customers.

Special Note We deliver Dahlias at single rate prices only. Prices per dozen do not include delivery. Unless so ordered we ship by express, purchaser paying charges.

ARABELLA. (Show Dahlia.) A profuse flowering variety. Color, pale primrose, tipped and shaded old rose and lavender. 10 cents; \$1.00 per dozen.

COUNTESS OF LONSDALE. (Cactus Dahlia.) The freest-flowering Cactus Dahlia. Color, an exquisite shade of rich salmon, with just a suspicion of apricot at the base of the petals. Towards the tips the color deepens gradually to the softest carmine pink. The finest variety in the entire list. 20 cents; \$2.00 per dozen.

CLIFFORD W. BRUTON. (Decorative Dahlia.) Immense size, perfect form, and of the finest canary yellow. Free bloomer. 15 cents; \$1.50 per dozen.

EARL OF PEMBROKE. (Cactus Dahlia.) Bright plum, deeper and more velvety toward the center. 15 cents; \$1.50 per dozen.

JOHN H. ROACH. (Cactus Dahlia.) A fine, light yellow. 15 cents; \$1.50 per dozen.

NYMPHAEA. (Decorative Dahlia.) The most delicate and beautiful Dahlia ever introduced; extensively grown for cut flowers. The flowers are always full to the center, resembling the ideal pink water-lily. The color is a clear, distinct, light shrimp pink, tinted lighter toward the center. 10 cents; \$1.00 per dozen.

MARY D. HALLECK. (Show Dahlia.) Color, a beautiful, golden brown. The flowers are produced on long stem. 20 cents; \$2.00 per dozen.

PENELOPE. (Show Dahlia.) White flaked lavender. The fine form of the flower always attracts attention. 15 cents; \$1.50 per dozen.

SNOWCLAD. (Pompon Dahlia.) Flowers snowy white. A dwarf grower. 10 cents; \$1.00 per dozen.

DAHLIA BLOSSOMS ARE EXCELLENT CUT FLOWERS

SNOWFLAKE. (Show Dahlia.) The flowers are snow white, of perfect form and full to the center. As a cut flower it is the ideal variety. 20 cents; \$2.00 per dozen.

WILLIAM AGNEW. (Cactus Dahlia.) Finest red ever introduced. Of intense glistening scarlet crimson; immense size, perfect form and always a mass of color. 20 cents; \$2.00 per dozen.

TWENTIETH CENTURY. (Single Dahlia.) The most exquisite Dahlia ever introduced. No orchid could be more delicate in color or yet richer in shading. It is purest white at the tips and gradually shading toward the center of the petal to delicate blush rose, and finally bursting into a flame of brilliant violet-crimson. Not variegated, but a wonderful blending of colors. 20 cents; \$2.00 per dozen.

Gentlemen:—Your shipment of plants arrived this morning in first-class order. I write to thank you for the extras you sent me and also to inform you that all the plants came through in fine order, and that I am very much pleased with the shipment. Very truly yours, L. C. M.

Salt Lake City, Utah.

Sirs:—The plants I purchased from you in the spring have been so beautiful and afford me so much pleasure that I feel I must write and tell you how much I had appreciated them. They have simply been fine; a perfect coloring and constantly in bloom. They have been marvels of beauty and my grounds have been the admiration of everybody.

Easton, Maryland.

Very respectfully, MISS A. E. R.

Decorative Plants For House and Veranda.

The same evolution has taken place in flowers for the house and veranda as in furniture and other things to complete the decorations of the living room of to-day. The window full of blooming plants, fuschia, petunia and a dozen others with their blossoms of brilliant hues is now seldom seen. Palms, ferns and other plants with decorative foliage now have the preference. They are not only more attractive but require less care and thrive where the others will not.

We make a specialty of growing this class of plants and can supply them from the cheapest up to the very finest specimens. We make special low prices for filling conservatories or for elaborate lawn displays. Write for quotations.

OUR SPECIAL COLLECTION OF HOUSE PLANTS (See List of Varieties Below)

Palms.

ARECA LUTESCENS. Considered by florists to be one of the most decorative plants. Withstands much rough handling and always graceful and artistic with gloss, green leaves and golden stems. 25 cents; larger, 35 cents, **Prepaid.** Extra size 50 cents to \$1.00. Specimen plants \$1.50 to \$2.50. Extra fine specimens \$3.00 to \$5.00 **Not Prepaid.**

KENTIA BELMOREANA. The most popular parlor palm we grow. Hardy and rugged. Under all kinds of treatment it grows sturdily on, throwing up a new leaf with most satisfactory regularity. Most Beautiful and Attractive Evergreens

The well known and most popular evergreen grown. Their suitability to so many places—for planting against house foundations or as individual specimens in receptacles for indoor and outdoor use, and for the fine formal effects in the flower garden. They are also used extensively as hedges, being long lived and will withstand frost and cold, but in the north they need protection over winter. Their habit of growth is dense and compact. The foliage is a dark glossy green, which makes them attractive plants the entire year.

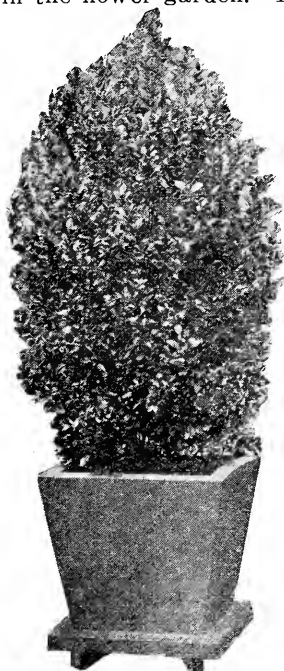

Our plants are of the finest that can be produced. They are well supplied with large balls of fibrous roots, which when shipped are carefully wrapped, insuring their safe arrival anywhere. When planted in our plant boxes they are carefully crated to protect them from injury. Prices of Box Trees do not include delivery, they are sent **Not Prepaid**.

Garden Furniture.

We here list some very desirable articles for the house and lawn. They are made in our own extensive factory and are offered at very reasonable prices.

We use heartwood cypress exclusively for both plant boxes and lawn seats, of which wood can be justly said, "Cypress is indeed the wood eternal." It lasts forever. Cypress does not warp or shrink, it takes paint perfectly and it defies decay. It is fast growing in favor in all localities, and especially among those who have tested its many good qualities.

Plant Boxes.

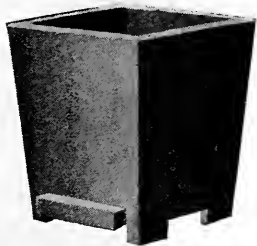

We call particular attention to our plant boxes. They are the most durable and artistic plant boxes in the market. Plain and simple in design, yet very strong and lasting. They are very attractive and up-to-date in style, and such plants as Box Trees or Bay Trees, Palms and other plants have a very fine effect in them.

The uses of these boxes are many. In large conservatories they are useful for Palms, Ferns and other plants. On the lawn or in the corridors, on veranda and steps they are excellent, not easily blown over like pots, while the additional soil space is a great advantage. Being square, the boxes hold more soil than round tubs. The legs at bottom keep the boxes from contact with the soil or floor and insures a circulation of air underneath. They are in short, "excellent boxes in every way and can be strongly recommended for outdoor or indoor use."

All our boxes are finished in flemish green, which harmonizes well with all surroundings. In formal gardens it is sometimes desirable to have them painted white, and if wanted in white we charge 15 cents extra. Measurements of all boxes are outside and inside dimensions.

Lawn Seats.

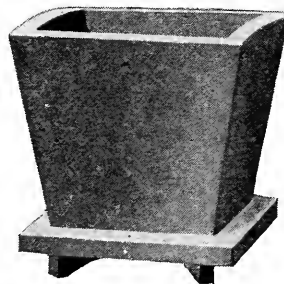

Our lawn seats are very handsome in design and our efforts directed to turning out seats that are thoroughly well made and durable. No matter how small or large the place, in the flower garden, on the veranda or elsewhere on the lawn, a lawn seat will be found very useful. We finish all our seats in white, this being the most desirable color, giving them several coats of the best white paint.

Wagner Park Lawn Grass Seed.

HOW TO MAKE LAWN. All good gardeners now use seed for the making of a good lawn in preference to turf or sod. The first essential is to have the soil properly prepared. The best soil is a medium texture, neither very heavy or excessively light; the surface should be thoroughly pulverized and level; remove stones, etc. After a rain, or when the soil is reasonably moist, sow the seed at the rate of four bushels per acre. It is unwise to be economical in the quantity of the seed used if the best results are desired. After sowing give a thorough rolling or pat well with the back of a spade. When the young grass attains the height of four or five inches, mow with a sharp scythe. After this, mow with a lawn mower once a week. The seed may be sown at any season, but the best results will be had from early spring or early fall sowing.

"WAGNER PARK" GRASS SEED.—Prices: 35 cents per pound; 5 pounds \$1.60; bushel (20 lbs.) \$6.00. **Not Prepaid.**

"PREMIUM" GRASS SEED. This mixture, while not quite equal in quality to "Wagner Park" variety, is a good clean mixture, and an excellent lawn may be produced with it. Prices: 30 cents per pound; 5 pounds \$1.35; bushel (16 lbs.) \$4.00. **Not Prepaid.**

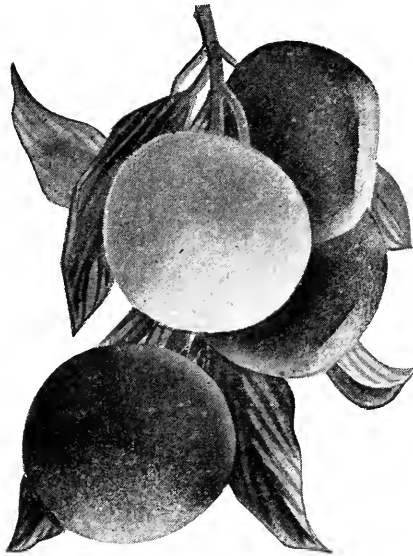

"SHADY LAWN" GRASS SEED. Fine for shady places and where other grass will not grow. 40 cents per pound; 5 pounds \$1.75; bushel (16 lbs.) \$5.00. **Not Prepaid.**

"GOLF LINK" GRASS SEED. A fine mixture for extensive lawns and grounds in general. 25 cents per pound; 5 pounds \$1.00; bushel (16 lbs.) \$2.75. **Not Prepaid.**

GROW ORANGES AT HOME.

**SATSUMA. A Fine Japanese Sort.
Early-Bearing. Quite Hardy.**

THE most popular variety of the Orange family, and made so by its resistance to cold, early ripening, and fine quality of fruit. It is the hardiest of all, withstanding a temperature of eight degrees above zero.. The trees come into bearing when very young, are prolific and robust. Fruit good medium size, flesh finely grained, tender and juicy, sweet and delicious. Rind and segments part freely and can be eaten without the aid of a knife, or the loss of a drop of juice. Tree of somewhat smaller growth than other oranges and is of unique habit and entirely thornless. It can be grown successfully in pots or tubs, so can be handled in the coldest climates.

We offer some nice stock of this wonderful plant at 75 cents each; larger size \$1.00 each.

WAGNER MALLOWS.

**Gorgeous In Color.
Hardy As An Oak**

THE BEAUTY of these grand plants is indescribable. The flowers are of enormous size, often measuring eight to ten inches across. They bloom in the greatest profusion from July to October, and when in bloom are a sight to behold. In short, it is the most marvelous outdoor plant grown.

WAGNER'S RED MALLOWS. Beautiful shades of red. Strong roots, sure to bloom the first season, \$1.00 each. Extra heavy three-year clumps, \$2.50 each.
